Statement of Gloria Allred

Today L.A. County Superior Court Judge Scott M. Gordon issued his decision denying Roman Polanski's motion to dismiss his case.

In his decision, Judge Gordon points out that the current evidence does not differ from prior evidence presented in 2010 with the exception that Polanski's lawyer has expanded his personal attacks against Judge Espinoza, Judge Fidler, Judge James Brandlin and Judge Gordon. The Court pointed out that personal attacks are disfavored.

Now in a new filing, Polanski's lawyer attacks my clients and me.

My clients who allege they were victimized by Roman Polanski are prepared to testify under oath in this case .

Mr. Polanski is a fugitive from justice. When will he return to a Los Angeles courtroom to testify under oath or be sentenced?

His lawyer's attacks appear to be an effort to disguise the fact that his client has lost his motion to dismiss the criminal case .

We look forward to justice for all victims and for Mr. Polanski.
