Statement of Jasmine Robinson

Jessica was a beautiful person. Simple memories such as sitting down to dinner together, drawing pictures, dancing, jump rope, and sleepovers with her and my sister are memories that I cherish. I was lucky to share my childhood with her and I wish every day that we got the chance to create more memories.

When I think of her, I see her smile first. Big and bright, lighting up her face, beaming through her beautiful eyes.

Jess was somebody that I looked up to. She was a force, one of the strongest women that I know, with a heart of gold. She was and still is loved immeasurably. When her life was stolen a light went out. She is forever missed.

This year has been 21 years since she was taken from us, longer than the chance she got to be alive. I can't express what this day means after waiting and hoping for answers.

I'm incredibly grateful to the entire task force for the dedication and integrity that they have put into this investigation. I have full faith that they will continue to provide answers for other victims and their families.
