Statement of Svetlana Zemko (Sister of Halyna Hutchins)

My family is deeply disappointed, both by the Court's dismissal of the criminal case against Alec Baldwin, and now by the recent withdrawal of the appeal that would have reviewed that dismissal. Mr. Baldwin must be held accountable for my sister's death that was caused when he discharged a loaded gun at her. He has never contacted our family to apologize or accept any responsibility whatsoever for her death. My mother, father, and I will press forward with our civil lawsuit until there is justice for the devastating loss of Halyna from our lives caused by Mr. Baldwin.
