Gloria Allred's response to Kanye West's statement on Jimmy Kimmel last night

Kanye West is facing criminal charges for attacking my client, Daniel Ramos.

Mr. West is also a defendant in a civil action which we have brought against him stemming from that same vicious attack on Mr. Ramos.

Last night Mr. West made it clear that he thinks that he has the right to attack anyone that antagonizes him by asking him a question that he does not like. He thinks that paparazzi are fair game. In his televised appearance on the Jimmy Kimmel show he sent a message that anyone that crosses him is not safe and that no one should forget that he is from Chicago.

We have a message to you Mr. West in response. You will be held accountable for your actions both in the criminal justice system and in the civil justice system.

Your remarks are shameful and add further insult to the injuries that you inflicted upon my client.

You say that you bring "joy to the world". I say you disgrace your profession and bring shame to your hometown of Chicago when you make reference to being from Chicago as some sort of threat.
