## **Statement of Gloria Allred On the Resignation of Congressman Anthony Weiner**

The message from this scandal and the disgrace that Congressman Weiner has brought upon himself should serve as a clear message to those in public office that there is a standard of conduct which is expected and demanded of them and if they fail to meet that standard then they will be forced to suffer the consequences.

Congressman Anthony Weiner has no one to blame but himself for what has transpired.

Ginger Lee, my client, was very courageous in coming forward and revealing what happened to her and we hope that her decision to speak out has in some small way helped to prompt his decision to resign.
