Today we have filed a lawsuit on behalf of Kristina Hagan, an actress, against David Boreanaz alleging sexual harassment in employment. Ms. Hagan is a member of both the Screen Actors Guild and the American Federation of Television and Radio Artists.

She is an actress who is working towards her goals, but who like many other actresses has not yet been able to achieve them. For that reason she is extremely vulnerable as many actresses are in Hollywood.

Ms. Hagan's allegations are set forth in her lawsuit and we will have no further comment on them.

We also represent another woman who has filed a charge of sexual harassment in employment against Mr. Boreanaz. We have asked the California Department of Fair Employment and Housing to investigate.

Ms. Hagan is looking forward to her day in Court.
