### **Statement of Kayla Greywind**

My name is Kayla Greywind. I am 19 years old and I am Savanna's sister.

I feel that what Brooke Crews did was very cruel. My sister Savanna was very excited at the thought that she was going to have a baby, and I was so excited at the thought that I would be an aunt.

I went to almost every doctor's appointment with her. We went shopping for the baby together and I was one of the first ones to know that she was having a baby girl.

We spent every day together. We always went everywhere together. I miss her laugh and all of our memories together. My sister was my best friend and I loved her so much. I have been in shock ever since she went missing. Sometimes I wake up and think and hope that she is in our house in the other room.

We always told each other our dreams, but now I dream of her all the time, and I wake up crying, and I have panic attacks.

She always took care of me and always wanted the best for me.

For this to happen to her and to our family is so unfair. We are a very close family. We always lived together and all we had was each other, but that was everything that we needed and everything we wanted.

Our whole family was so excited to think about the birth of Savanna's baby and the start of her new life as a mother. Brooke Crews took a mother from her baby and Haisley Joe will never have that mother daughter bond.

I will never have my sister and my closest friend who I loved so much.

We shared everything. I wore her clothes, her shoes, her necklace, and I still do, but every time I put them on it brings back memories of her.

When I drive her car I feel empty and lost because she is not there with me as she always was every single day.

The crimes against my sister have broken me, and I will never be the same.

Savanna will never be able to watch her daughter grow up and be at the family events with us.

I hope that your honor will give Brooke Crews the maximum sentence that the law allows because even that is not enough. No child should ever have to grow up without their mother, and no family should ever have to suffer the loss of their sister and daughter as my family did.
